	External					
Address						
Email						
Mobile number						
Sample ID						
Number of samples						
Nature of samples						
Sample submission date						
Does the sample require microwave digestion? (Extra charges included)						
Elements to be analysed	Aluminium (Al)	Arsenic (As)	Barium (Ba)	Boron (B)	Bismuth (Bi)	Chromium (Cr)
	Calcium (Ca)	Copper (Cu)	Cadmium (Cd)	Cobalt (Co)	Gallium (Ga)	Iron (Fe)
	Indium (In)	Lead (Pb)	Lithium (Li)	Manganese (Mn)	Magnesium (Mg)	Mercury (Hg)
	Nickel (Ni)	Phosphorus (P)	Potassium (K)	Selenium (Se)	Silver (Ag)	Silica (SiO ₂)
	Sodium (Na)	Strontium (Sr)	Thallium (Tl)	Zinc (Zn)		

Note

1. Sample required is 10 g for solids and 25 ml for liquids.
2. Please submit only clear aqueous solutions.
3. Highly acidic/ alkaline/ explosive/ corrosive and organic solutions must be avoided.
4. Sample preparation via microwave digestion charges extra, per sample Rs.250.
5. If the sample is already prepared, please mention the matrix and ensure samples are filtered.
6. Samples will be stored for a week after report generation.
7. Any clarification regarding the result has to be cleared in a week from the receipt of report submission.
